Notes on Manual Data Changes

Fellow: Cunha_Antonio_Alvares_da_1626_1690
Proposer: Southwell_Sir_Robert_1635_1702
Original entry: Sir Richard Southwell
Reason: Cunha's proposer is listed as Sir Richard Southwell in the Royal Society Past Fellows database. However, no member by that name is recorded to have been alive in the relevant time interval. Additionally, no Southwell other than Robert Southwell who was recorded as a member of the Royal Society in the database was alive on Cunha's date of election in 1668. It was determined by Miranda Lewis that the entry is likely to be an error and that the correct proposer should be Sir Robert Southwell, which seems likely given the similarity of their names and titles.

Fellow: Collet_Philbert_1643_1718
Proposer: Morland_Joseph_c_1617_1716

Candidate: Godolphin_fl_1706
Proposer: Missing
Original entry: Godolphin (fl 1706)
Reason: Godolphin was listed in the dataset twice under two RS ID codes, NA9512 and NA9507. At the time of cleaning, only one record (NA9512) was extant in the RS database, with NA9507 likely having been recognized as a duplicate record and removed. The Godolphin record NA9507 was removed from any analysis.

Additional cleaning of date formats had to be done for:
